

# Datasheet Earth Leakage Monitoring Relay output **IsoOut** for IsoBase

## IsoOut

Relay output for  
earth leakage system IsoBase

Article number: 670416  
Aux supply: 12VDC  
Dimensions: W x H x D 135 x 90 x 60 mm  
Weight: 0,25 kgs  
Recommended cable FKAR-PG 2x2x0,5 mm<sup>2</sup>

### Application

IsoOut gives individual warning and alarm for each group. Every IsoOut has 16 relay outputs.

IsoOut can be connected to an alarm panel. Group alarms for one room with multiple feeders can be created.

IsoOut always work in a group with an IsoHub unit.

IsoOut is for DIN-rail mounting.

See user manual for IsoBase and our application guide for Hospital installations.
